

SAN DIEGO COUNTY FAIR

ADA Policy on Rides

- Insurance requires all individuals on a ride to pay. ADA law does not require that the Fair allow free admission on rides for individuals assisting a person with a disability. (Note: the San Diego County Fair gives free admission for assistants at the entrance gates only.)
- Individuals with a disability may ride on any ride when they meet the following criteria:
 - if they can board in a manner that the ride requires without the help of the operator or other fair patron; and
 - if they meet the requirements set forth by the manufacturer of the ride.
